## Maternal & Child Products Export Expo Helping You Lead in International Markets

Every May and October, a large number of overseas buyers gather in Guangzhou Pazhou. The Guangzhou Maternal & Child Products Export Expo perfectly meets customer demands, bringing together top domestic suppliers of maternity, infant, and children's products. Leveraging the Guangdong-Hong Kong-Macao Greater Bay Area's economy and the Pearl River Delta's industrial base, the expo offers maternal and child enterprises a unique opportunity for market expansion, helping them reach new export markets.

### Four Highlights:

- 1 A professional export expo for maternity, infant, and children's products.
- 2 Prime location with easy access, clear signage, and easy entry for buyers.
- 3 Years of overseas data to connect diverse markets and maximize exhibition impact.
- 4 Comprehensive promotion, excellent display, and new product launch platform.

## High-Quality Concurrent Events Creating a Landmark Dialogue Platform for the Industry

We invite domestic and international buyers to co-create a landmark platform for the maternity and children's industry, sharing practical business insights. Through data trend sharing, successful case studies, and business matching, we will explore the growth trends in the maternity and children's sector, key trade improvement points, future opportunities, and international market supply and demand, helping businesses seize new opportunities.
